

## **Barco Environmental Requirements**

As Barco supplier you have the obligation to comply with worldwide environmental regulations on toxic substances. All products the supplier provides to Barco must be compliant with Barco environmental requirements and supplier must be able to proof compliance, unless otherwise explicitly required by Barco (e.g. in the Barco required specification, Barco documentation, Barco provided technical drawings, ...).

### **Requirements**

#### **1. RoHS**

All parts supplied to Barco must be compliant with the EU Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS).

The supplier must ensure that the product does no longer use RoHS exemptions which have expired according to Commission Decision of 24 September 2010 (2010/571/EU).

#### **2. REACH**

All parts supplied to Barco must be compliant with all the obligations set by the Regulation (EC) No. 1907/2006 of the European Parliament and the Council on the Registration, Evaluation and Authorization and Restriction of Chemicals (REACH) as indicated in the Barco environmental requirements guidance available on [suppliers.Barco.com](http://suppliers.Barco.com).

#### **3. Batteries**

Should the part be or contain a battery according to the Directive 2006/66/EC on batteries and accumulators and waste batteries and accumulators, the supplier is responsible for ensuring compliance with pre-mentioned Directive and for keeping records of compliance from its sub-tier suppliers.

#### **4. Conflict Minerals (US Dodd–Frank Wall Street Reform and Consumer Protection Act)**

As a supplier of Barco you are responsible for monitoring and communicating the use of possible conflict minerals in your supply chain. You are also responsible for not knowingly procure conflict minerals originated in the Democratic Republic of Congo or adjoining countries.

#### **5. Ongoing environmental conformance program**

The supplier is responsible for having an ongoing environmental conformance program including monitoring for regulatory updates and for collecting data from sub-tier suppliers for components' composition data.

**By signing this document you, as a supplier of Barco, confirm to comply with the above environmental requirements for all the products you deliver to Barco.**

**You will be contacted by Barco (or by a third party acting on behalf of Barco with regard to environmental compliance management) to provide the applicable compliance documentation.**

More details about your obligations under the above regulations are contained in the Barco environmental requirements guidance available on [suppliers.Barco.com](http://suppliers.Barco.com).
