

# SecureStream

Securely share content beyond the control room

- **Extremely easy to use, with CMS integration**
- **Drag and drop sources into a streaming channel**
- **Streaming channel available on web browser of any mobile device**
- **Security at the heart, using both on-premise and cloud technology**
- **Securely stream back into the control room**

Barco's SecureStream is a media streaming solution that makes sharing content from the control room to external stakeholders (and vice versa) easy and secure. An addition to Barco's Transform N and CMS control room and collaboration products, SecureStream uses a very intuitive user interface that allows control room operators to drag and drop video or data sources into a channel that can be pushed to field staff or external experts.

From the overview of available sources, control room operators can simply drag and drop content into a SecureStream channel and then provide the needed link to the receivers. The content can be video, data, or even a CMS perspective (a group of content that logically belongs together). The remote end user can use the web browser of his or her personal mobile device to view the shared content.

## Applications

- Sharing information from central headquarters to multiple remote command positions
- Feeding information to distributed meeting rooms and crisis rooms
- Emergency information sharing across echelons and with external partners or agencies
- Sharing information from external stakeholders and field workers to the control room
- Providing situational information to personnel in the field
- Consulting remote experts for advice
- Sharing 'dashboard' information with managers using mobile devices

**PRODUCT SPECIFICATIONS****SECURESTREAM**

<b>Platforms</b>	WSG-110
<b>Processor</b>	Intel(R) Core(TM) i7 Quad core CPU 3.4GHz
<b>Memory</b>	8 GB RAM
<b>Hard disk</b>	128 GB SSD
<b>Network</b>	2x 1Gb/s LAN
<b>Graphics card</b>	Intel HD Graphics 630
<b>Outputs</b>	Up to 2x displays HD 1920x1200 @60Hz via DisplayPort (HDMI via included adapters)
<b>Input</b>	IP video sources (H.264), Video2Data (Barco V2D), Virtual Network Computing (VNC), Remote Desktop Protocol (RDP)
<b>Form factor</b>	60 x 190 x 190 mm   2.36 x 7.48 x 7.48 in Packed: 230 x 260 x 308 mm   9.06 x 10.24 x 12.13 in
<b>Weight</b>	2,2kg Packed: 4.5kg
<b>Power supply</b>	External PSU 150W / 90 – 264 VAC / 47 – 63 Hz
<b>Power consumption</b>	Typ. 83W   max. 110W
<b>Temperature range</b>	0° -40° C   32° -104° F
<b>Humidity</b>	Max. 80% (non-condensing)
<b>MTBF</b>	47,500 h
<b>Noise Level</b>	Max. 32dbA (measured at 1m/32.8ft distance at 22°C/72°F)
<b>Compliance</b>	CE, CB, UL, RCM, BIS, CU-EAC, FCC Class A CCC contact Barco Sales
<b>Available models</b>	Order no. R9811020B WSG-110 SecureStream Gateway US R9811020F WSG-110 SecureStream Gateway EU R9811020G WSG-110 SecureStream Gateway UK R9811020I WSG-110 SecureStream Gateway CN R9811020 WSG-110 SecureStream Gateway
<b>Mounting</b>	Order no. R9811098 P110 VESA Mount (for 1x OPS-110 + 1x PSU) R9811099 P110 Rack Mount (for 2x OPS-110 + 2x PSU)
